

June, 2017

Dear Graduate,

On behalf of Regina City Council, I would like to offer my congratulations to you on your graduation day. High school will soon be a part of your past, and while your Grade 12 year was an empowering combination of freedom and responsibility, you are now about to begin your journey into adulthood. You have achieved a significant accomplishment and you should be very proud of your achievements and success.

You are graduating at a time when our city and province continues to boast some of the lowest unemployment rates and highest wage increases in Canada. Our economy continues to grow, offering many career and lifestyle opportunities to go along with the very high quality of life enjoyed by our citizens. Young people with skills and talents are in great demand. As you close one chapter in your life and prepare to embark on a new one, keep in mind you have an important and critical role in the future success of our city.

Young people are the City of Regina's future. Through commitment, discipline and hard work, you will continue to achieve many goals and successes that set you apart as a leader. Whatever you choose, from additional education to a career and quality of life, I hope you will choose Regina as your home.

Yours truly,

Mayor Fougere & City Council
